Susana Viruglio

Junior Full Stack Software Developer

I am an enthusiastic and highly motivated Junior Full Stack Software Developer seeking a web developer role which will allow me to gain more skills and create a new path in my career as a developer. I have excellent creative skills, communication skills as well as determination towards work.

I have a strong understanding of developing web applications using Python, JavaScript, CSS, and HTML as well as frameworks such as Django, Flask, and Bootstrap. I am currently seeking to become a software developer.

WORK EXPERIENCE

March 2022 – Present Mossbourne Riverside, London, UK

Teaching Assistant

Responsibilities:

- Organizing the classroom every day, making sure tasks and resources are prepared.
- Planning lessons for the Spanish Club after school and integrating online games or quizzes.
- Supporting children with English and Math within the lesson. Identifying key priority children.
- Creating tasks for SEND children to ensure that they are at the proper level.
- Supervising the Lunch Hall by setting up behavior rules.
- Teaching phonics to Year 1 pupils with daily speed sounds.
- Teaching times tables by testing pupils every day to ensure they are at the right speed.
- Supporting pupils with reading comprehension and fluency.
- Setting up iPads for Computing certifying that all of them are working properly.
- In charge of dismissing children whose parents are late for collection at the end of the school day as well as communicating essential information.

Achievements:

- All my students from my phonics group passed the screening test last year.
- Pupils showed improvements in their reading comprehension assessment.
- SEND pupils are working more independently and showing improvement in their writing and communication skills.

Sep 2020 – March 2022 London Academy, London, England

Teaching Assistant

Responsibilities:

- Delivered Math and writing intervention to Year 3 pupils.
- Creating educational displays for the classroom.
- Delivering phonics lessons to pupils from several year groups (Year 1 & 2).
- Teaching Science and History to vulnerable pupils during the pandemic.

Achievements:

- Notable improvement in Math and English from a student who had English as a second language.
- Provided education to all students within the classroom during the pandemic.

June 2018 – May 2020 St John of Jerusalem Primary School, London, England

Teaching Assistant

Responsibilities:

- Provided support to Year 6 pupils with Math and English within the lesson.
- Delivered grammar interventions to ensure specific pupils can pass the SATS successfully.
- Involved in classroom organization by ensuring that all their resources and tasks were prepared.
- Teaching Spanish as a supply teacher when it was needed.

Achievements:

- All pupils passed SATS successfully due to the support provided throughout the year.
